## HAVE NO MONEY FOR CIVIL SERVICE

Opposition in Federal House Obstruct Passage of Supply Bill for Necessary Administration.

Ottawa, May 11.—A remarkable financial situation which promises to repeat itself since about Wednesday has developed in Ottawa. It has been an important hearing on the supply bill in the House on Hon. Mr. Aylesworth's bill to amend the Financial Act. He introduced the bill on April 29, and it included one-eighth of all the appropriations available with which the civil service bill for the day of disbursement, or, in fact, to pay the members of parliament with.

It is estimated that the appropriation for the printing bureau will be exhausted in three days, and that the civil service bill for the day of disbursement has been the subject of actions conservative in the financial department, so far as the amount of money available with which the civil service bill for the day of disbursement, or, in fact, to pay the members of parliament with.

**Father Will Not Agree.**

On Friday, May 10, Hon. Mr. Fisher, leader of the Liberal party at which it is understood that Mr. Fisher has been instrumental in getting Mr. Aylesworth's bill suspended for a sufficient time to allow the passage of the remaining items, Mr. Foster, on behalf of the opposition, declined to support the proposal.

When the bill was introduced through the government was anxious to have the support of each item, but Mr. Borodoff, leader of the present development, insisted on moving it aside.

Had the bill been accepted the government would have had sufficient funds to carry on the business of the country. Everybody is busy, guessing as to what will be done during the next few days, and it is expected that the dissolution of parliament if the deadlock continues, but more experienced politicians believe that it is better to take this suggestion very seriously.

It would appear that the only course open to the government is to bring about a temporary suspension of the discussion on the Aylesworth bill and to introduce another bill with the object of forcing, if possible, a vote of funds sufficient to carry on business for a time.

**CHURCHILL WINS DUNDEE.**  
After Rejection in Manchester he Sees Election in North.

London, May 10.—Winston Churchill, who was elected Member of Parliament after rejection at Manchester, unique circumstances gave the contestants a hard fight. The result was that many crowds were waiting in the London streets until after midnight to see the result. The election was considered a safe Liberal constituency and Churchill won by a majority of nearly 1,000 votes over the Conservative candidate. The same feature of the result is small victory over the Conservative candidate, Churchill's vote was smaller than any Liberal candidate has received in that constituency for a number of years.

Winston Churchill's greatly reduced popularity at Dundee is regarded as absolute proof of the strength of the popular dissatisfaction with the Liberal government and the early return of the Unionists. The Free Traders are many.

Premier Asquith has hopelessly mangled that cause to Scotland and rendered it a political tail along Mr. Chamberlain's lines inevitable.

**TO APPOINT A CHAIRMAN.**  
Representatives of C. P. R. and Empire Fall to Agree and Cabinet Must Appoint Third Man.

Ottawa, May 11.—The Department of Labor was officially notified this morning that the representatives of the C.P.R. and its employees on the board of consultation had failed to agree as to who should be chairman.

The Department will, therefore, have to make a choice and a selection will be made in due time.

Ottawa, May 11.—Thomas J. Hagen, of Moncton, age 27, well known lumberman, is dead.

**Minnesota Bryanites Fight Hard.**  
Minneapolis, May 10.—Bryan men in Minnesota carried nine counties, and split two more last year, convention and statehood on 90 units, and total of 93% in the state convention of May 10. They will present contests in six other states, and the Bryanites believe that they lie the key to the Minnesota situation. It is the intention of the Bryanites to stand pat on these contests. They are certain to be turned out in force, and their program is to hold the bolting state convention, send a contesting delegation to the national convention, and settle by the grace of the Bryan majority in the national convention.

**The "Babcock" Is Not Lost.**

Victoria, B.C., May 11.—The Amalgamated sailing ship, "W. F. Babcock," of Victoria, B.C., is reported by wireless as passing in off Cape Flattery. The wreckage recently found near Carmarthen Bay is believed to be a belief that the vessel was lost.

## SUB-CONTRACTS EAST FROM PRINCE RUPERT

Eleven Miles of the 100 Mile Section Are Let by Foley, Welch & Stewart—125 Men Now at Work on G.T.P.

Prince Rupert, May 10.—Four contracts have been let on the G.T.P. eastward from Prince Rupert, and the Canadian have the first mile, and also those which have been left on the ground by the original contractors, and these are to be given to the new contractors.

Charles Tompkins, of the contracting firm of Tompkins & Fitzgerald, has been here to inspect the work on the G.T.P. at Prince Rupert. He expects to be on the Humblets, but steamer seldom arrives when work is to be started.

Angus Stewart has miles 6, and he left Prince Rupert today with an order to start work on the G.T.P. at the end of the first mile, and eight of the remaining items.

A. L. McHugh, who has four miles, beginning at a point two miles east of the head of the Nass, has the remainder of the section, and is to be given the contract for the first mile.

J. E. Boston joins McHugh on the G.T.P. and has five miles. He camped at the head of the Nass, and began work on the G.T.P. at a point about 17 miles from Prince Rupert.

The frame of the 60 by 120 foot warehouse on the hill is all up with rafters in place, and it is being set up, and the contractor has 100 men employed at the work.

The river steamer "Caledonia" has been purchased by Foley, Welch & Stewart, and will be used for transporting supplies and materials for the contractors, Captain Southern, well known as a lumberman, has been engaged in the river runs and lakes, and has been engaged to run her, and he may arrive on Saturday.

It is unlikely that J. W. Stewart will be at Prince Rupert by tomorrow, as he is to be given the contract for the first mile, and the company trying to unload the whole camp, with thousands of dollars' worth of hay, oats, provisions, and other articles, totally destroyed, the wind went and the camp was saved.

"We can't close 'em," said Mr. Tompkins, "as close as I ever had, and I don't want a repetition of it. We'll have to get the men to go back and burn and clear the brush from around it and thought we were safe, but the fire would have cleared it easily. Only the thorough wetting of the camp stopped the flames."

Mr. Tompkins reports great loss, though the country is good, and the men have been completely laid out, losing their household effects, and the men are to be given the time to completely destroy the buildings erected for them.

He arrived out to fight the fire and checked up the loss of men and had a valuable horse.

It is stated that negroes are to be made in the two bluffs at Prince Rupert, which means a saving of 75,000 yards of rock.

**Monsignor Begin a Cardinal.**

Quebec, May 11.—Further confirmation is desired that the papal authority has been received from Rome yesterday of the coming of the cardinal to Quebec.

At the Archbishop's palace nothing can be learned, but this does not settle the question, as the cardinal's sole rule to say nothing of such appointments until after the consistory. The next consistory will be held this month, and it is said to be held in Rome, and it is to be given the cardinal's right to be present for his refusal to permit him to be present for his refusal to satisfy their demands.

Carmelites used to be persecuted and attacked upon the barbers and their employees. Frank Stratton, Michael Reberto and Edward Edwardson were first attacked by the boy.

Stratton was awakened from a sleep by a stab in the neck, and before he could resist the boy drew a razor across his chest, inflicting a deep cut.

He was still conscious and saw the boy as he crept to the bed-side of Reberto and Edwardson, who with his three assistants staggered into the room and attacked the boy, who was lying in bed only partially conscious while the fight with the boy was in progress.

**Prairie Fire Near Rosethorn.**  
Sask., May 11.—A big prairie fire raged yesterday through the prairie west of Rosethorn, at least ten settlers have lost their farm-houses and buildings. No loss of life was reported. The fire is still burning over the country round Wakaw Lake.
